

## Gift Guide 2016

### About Leef

At Leef we believe in designing products that people want to own. We focus on creating smart and beautiful consumer electronics and are always looking for skilled individuals who appreciate challenging the status quo.

### Who's It For?

Leef's iBridge3 is great for the iPhone owner who's always running out of space on their device, while the sports camera enthusiast, videographer or drone photography lover on your list will adore the iAccess.
